Dear Sir/Madam:

As a frequent grantee of the Council for Tobacco Research, the Massachusetts General Hospital wants to be certain that we are fully aware of, and continue to comply with, our obligations with respect to those grants.

Therefore, we would appreciate it if you would send us a copy of the terms and conditions of your grants with respect to such things as multiple-year funding, patent/intellectual property rights, human and animal studies conditions, indirect costs, institutional transfer of grants, scientific and fiscal reports, etc. We will keep our files current with this information and be certain we continue to comply with the terms.

Thank you for your attention to this request.

Sincerely yours,

Richard L. Pharo
